With a shape that's more today than yesterday, our modern "fish" design is built for speed. Excelling in chest to overhead high waves, it performs on those hollow, glassy days, yet enjoys mushy, sloppy and less than perfect conditions too. The wide template also suits heavier surfers looking for a performance feel.

Comprised of a full nose and wide mid, with clean balanced curves that blend into a swallow tail. The bottom contours through single to double concave with a lightly flipped nose. Tune to your taste with Tri-Quad option.

The Torq MOD FISH is also available in
