Experience Level:	1 > Expert
*Weight:	70-140kgs / 150-300lbs
Wave Height:	2-6ft
Fin system:	2+1

From gliding and tip riding, to surfing in powerful conditions, the requirement for a modern longboard is versatility. Our design delivers, covering all terrain. From young to old, new school through traditional styles, first wave rides to decades of experience.

With low entry rocker and full outline you'll find a board that glides in the small stuff and can be ridden from the front. Progressive surfers will find a quick midsection, slightly pulled tail, with enough release to keep the board fast and loose. 2+1 fin set up.

Also available; the Torq MINI LONG and LONGBOARD  
8'0" x 22" x 3"  
8'6" x 22 1/2" x 3 1/8"  
9'0" x 22 3/4" x 3 1/8"
